

National Recognition and Credit Transfer

Objective

To ensure that the Cire Training potential, or existing students, are able to have recognised by Cire Training any relevant AQF qualifications or Statements of Attainment that they already hold, issued by any RTO including Cire Training.

Scope

All Education and Training Administration staff
Enrolling Officers
Quality Training and Assessment Manager
Cire Training Students

Policy

Cire Training will discuss with potential students at the pre-enrolment interview the possibility of claiming National Recognition or Credit Transfer if they have relevant qualifications from previous enrolments with Cire Training or from other RTOs.

Prospective students will be asked to bring in their evidence and it will be verified and confirmed by appropriately qualified Cire Training Education and Training staff. Staff members assessing for Credit Transfer must hold the Certificate IV in Training and Assessment as a minimum.

Once National Recognition or Credit Transfer has been granted the Quality Training and Assessment Manager will sign off on the National Recognition/Credit Transfer Form and Records and Reporting Manager will input the information into the Student Management System, before filing the application in the student file.

Definitions

National Recognition

“Recognition by an RTO of the AQF qualifications and statements of attainment issued by all other RTOs, thereby enabling national recognition of the qualifications and statements of attainment issued to any person.”

Credit Transfer

“Credit transfer assesses the initial course or subject that an individual is using to claim access to, or the award of credit in a destination course. The assessment determines the extent to which the client’s initial course or subject is equivalent to the required learning outcomes, competency outcomes or standards in a qualification. This may include credit transfer based on formal learning outside the AQF.”
