Provide First Aid in an Education and Care Setting

Nationally Recognised Training

Course overview

This course applies to educators and support staff working within an education and care setting who are required to respond to a first aid emergency, including asthmatic and anaphylactic emergencies. This course will provide you with the skills and knowledge to assist infants, children, adults and is a recommended requirement for early childhood educators and support workers.

Who should attend?

People working with children in an educational setting, support workers and carers, also parents and guardians who would like to learn a valuable skill. The Victorian Code of Practice for First Aid in the Workplace suggests that first aid officers update their certificates regularly.
