

Everyday Tech

Everyday Tech gives you the basics when it comes to technology.

This program focuses on building employability and life skills for students who may otherwise be isolated within their communities. Students will develop computer skills, literacy, language, numeracy, and communication skills. It goes beyond a simple computer class by emphasising teamwork, problem-solving, and the use of technology. All necessary devices will be provided.

Skill level

Beginners to intermediate

Course Schedule

Wednesdays from 9.30am to 2.30pm

What you will learn

- Improving basic computer skills
- Understanding the internet
- Improving communication and problem solving skills
- Socialising with like-minded people
- How to stay safe online

Fees

\$50 per annum

About Cire Training's Everyday Learners

This program is designed to provide people with opportunities to develop everyday skills for a more independent lifestyle in a safe and inclusive setting.

We offer a range of programs from cooking to computer literacy, and more.

A structured weekly schedule
